

# LUXPOINT® LED Floodlight - Kämpig Wall Bracket

## Datasheet

CE UK CA IP65 IK08

The Kämpig series wall bracket is a robust mount for securely holding floodlights. Made from durable materials, it offers stability and optimal positioning, allowing for versatile installation on various surfaces, enhancing security and visibility in both residential and commercial settings.

### Benefits

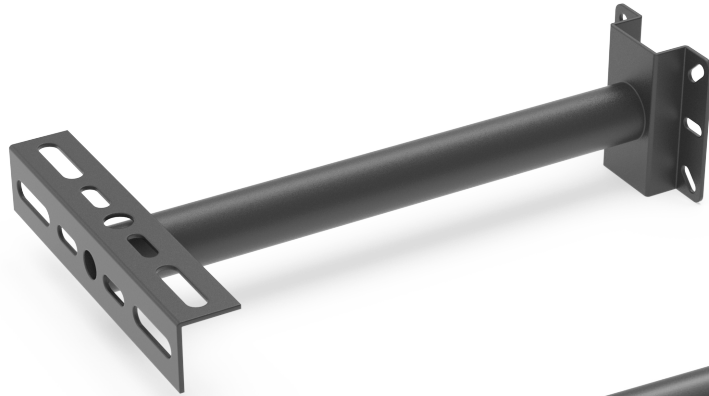

- Easy Installation
- Wide Range of Application
- High protection rating

### Applications

- Parking
- School
- Station
- Garden
- Warehouse
- Airport
- Factory
- Arena

## Dimension

### Wall Bracket

### Wall Bracket Extension

Due to the special conditions of manufacturing process of LED, the typical data of technical parameters can only reflect statistical figures and do not necessarily correspond to the actual parameters of each single product which could differ from typical data.

Exceeding maximum ratings for operation voltage will cause hazardous overload and will likely destroy the LED module.

Exceeding maximum ratings for operation and storage temperature will reduce expected life time or destroy the LED module.

Specifications are subject to change without notice. Errors and omission excepted, always make sure to use the most recent release.
